PROFESSIONAL SUMMARY

Full Stack Developer with 2+ years of experience building and maintaining web applications with JavaScript, React, Java, PHP, Node.js and Python. Experienced in RESTful APIs, PostgreSQL and Oracle SQL, and now integrating LLMs into real products. I enjoy system analysis and troubleshooting, and work closely with cross-functional teams to ship reliable, clean software.

WORK EXPERIENCE

Full Stack Developer — Thalent AI — Aug 2026 – Present

- Maintain and improve the company website.
- Built a web application that pulls Facebook ad campaign data for tracking and reporting.
